

PROJECT BLUEPRINT:

THE AI SPEAKER'S BUREAU

A Step-by-Step Guide to Peer Interviewing, AI Engineering, and Bot Design

1. THE DEEP-DIVE INTERVIEW

- **ASK OPEN-ENDED QUESTIONS** to discover core motivations.
- **FIND THE PASSION:** Unique experiences & worldview.
- **ASK THE MANDATORY** non-technical TED Talk question.
- **TAKE DETAILED NOTES.**

2. ROUSING TED TALK INTRODUCTION

- **STRUCTURE A PROMPT** with speaker background & topic.
 - **INSTRUCT AI** for a high-energy, inspiring tone.
 - **ITERATE** with the AI for emotional resonance.
- DELIVERABLE:** A powerful intro script.

— **PAUSE: Mid-Project Presentations** —

3. CRAFTING YOUR SPEAKER PROFILE

- **PROMPT AI** with your own expertise & topics.
- **INCLUDE REQUIRED ELEMENTS:** Bio, Keynote Topics, Audience, Style, Travel, AV, Languages, Pricing.
- **DELIVERABLE:** A complete Speaker Profile document.

— **Phase 4: Team Execution** —

4. BUILDING THE BOT & MARKETING

TASK FORCE A: BOT BUILDERS

- **COMPILE** Speaker Profiles into one matrix.
- **UPLOAD** to a custom bot platform.
- **WRITE** strict System Prompts for a booking agent.
- **TEST** against queries.

TASK FORCE B & C: INFOGRAPHICS

CREATE PROCESS INFOGRAPHIC
(this poster).

CREATE MARKETING INFOGRAPHIC
for your bureau & bot.

5. FINAL DELIVERABLES & BOT PRESENTATION

- **SUBMIT** links & infographic files before class.
- **LIVE DEMONSTRATION** of the bot with unscripted audience queries.
- **REFLECTION:** Surprising findings and design challenges.

PROJECT DELIVERABLES

- Team process on the noats
- Sensing visual andietiry
- Project ureanerables

KEY SKILLS LEARNED

- Rotor skills learned
- AI Reniverring and skills
- Engineering, and Bot design

General project mission:

to bunge anoor energy to promote creseting creatities and predectionalise, and professionail visual: visual styles.
